

ALTERNATIVES TO IMPRISONMENT: IDENTIFICATION AND EXCHANGE OF GOOD PRACTICES

ALTERNATIVES TO IMPRISONMENT

GRANT AGREEMENT nr. JUST/2013/JPEN/AG/4592

The project named "Alternatives to imprisonment: identification and exchange of good practices" has the financial support of the Criminal Justice Programme of the European Union. The contents of this document are the sole responsibility of the Associazione LIBRA Onlus and in no way can be taken to reflect the views of the European Commission.

European Recommendations and National Legislation press more and more to use **jail as last measure to punish felonies**, favouring **alternatives measures** that leave the offender within the Society imposing rules and offering recovery paths.

The project aims to **study** the sanctions and alternative measures of the different european countries, to **identify** and **exchange** good practices and to **spread** the knowledge within experts and general public.
